

The Berkeley Hotel

My husband and I booked a Lover's Romance package in February. We arrived early and were very pleased that Starlet was able to let us check-in early at 1:15. It was wonderful to be able to drive right up and take advantage of the valet parking. We were very impressed with the room. It was immaculate, the bathroom was fantastic and the balcony was an extremely pleasant surprise. After we set down our luggage we left the hotel to walk around Shockoe Bottom and eat lunch.

Back to the room for the champagne and truffles. I am not a dry champagne person but my husband liked it and I can say that the sweetness of truffles truly complemented the champagne. The bed was heaven and was extremely comfortable.
